

1ST MINISTERIAL OPEN DATA PLATFORM

<http://data.enseignementsup-recherche.gouv.fr>

In partnership
with taskforce **Etalab**

Transparency
and access
to public data

Research & Higher Education
open data platform
feeding into data.gouv.fr

4 PRINCIPLES

Transparency

Freely reusable
datasets to understand
higher education
and research

Quality

Reliable, sustainable,
historicized and
documented data sets
based on official
repositories with a level
of granularity as fine
as possible

Performance

An accessible platform
to make data reuse
easy: search filters,
open formats,
map preview...

Support

Illustrating open data with
examples of data reuse
such as the Atlas website
mesr.gouv.fr/atlas

KEY FIGURES

23

data sets (student
population, R&D
spending by region,
list of higher education
institutions...)

2,5 million
lines

Up to
20 years
of records

**CSV, JSON,
API...**

Data available in
different open formats,
adapted for
different uses
